

MINDSAFE™ WARRANTY PROGRAM

For over 30 years, Atlantix Global systems has been providing the world with quality midrange hardware. Most of this equipment is protected by our 30-day warranty coverage. This allows you plenty of time to get your machines and features protected by your existing maintenance agreements.

But what if you don't have all your equipment under a maintenance agreement? Perhaps it's a backup machine, one being used for software development or maybe it's a DR spare? Well now you have a choice.

INTRODUCING MINDSAFE™ WARRANTY PROGRAM.

Mindsafe™ extended warranties may be purchased in 90, 180 and 360 day packages.

Ask your Atlantix rep today about adding Mindsafe™ coverage to your next hardware purchase.
